K_dc_b: Computational cost Data-Centric Batch coefficient
K_dc_s: Computational cost Data-Centric Stream coefficient

State-centric retrieval cost (K_rc)

− +

Selected value: **0.1** (index 1)

Use the buttons or the slider to choose the state-centric retrieval cost. Available values: 0.01, 0.1, 0.2, 0.3, 0.4, 0.5, 0.6, 0.7, 0.8, 1

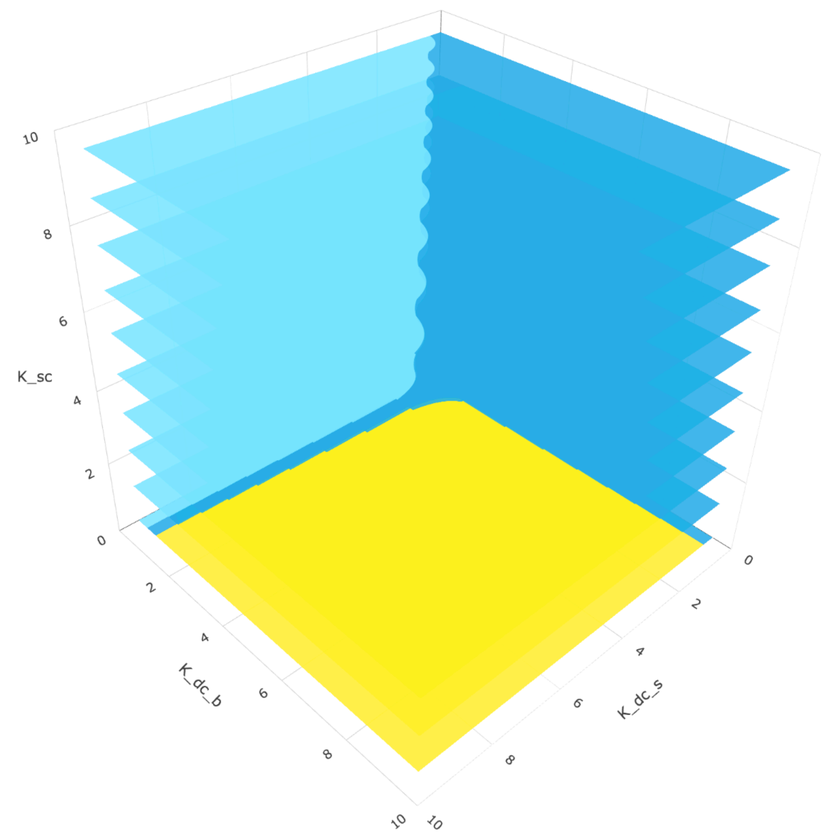

State-centric cost (K_sc) — slice

All slices

Select a single slice to view its surface, or choose "All slices".

View Mode Reset
